

Treatment Center

From Liner Drive (Greenwood Professional Park Entrance) - Go to end of Liner Drive where it becomes a traffic circle. Go halfway around traffic circle and enter GGC campus. Follow yellow map arrows to the SC Center for Treatment of Genetic Disorders. Enter the building at the covered patient dropoff (star).

From Helix Drive (Research Park Entrance) - Continue down Helix Rd and bear right toward GGC just before cul-de-sac. Pass Upper Savannah Council of Government building on your right. At STOP take a left and follow the white map arrows to the SC Center for Treatment of Genetic Disorders. Enter the building at the covered patient dropoff (star).
